## Acknowledgments

I would like to thank everyone who has offered me help and support on this thesis:

Prof. Dr. Georg Groh, for his supervision throughout the project and the inspirations he's been giving me during my studies at TUM, leading my way into the amazing field of social computing.

Ms. Monika Wintergerst, who has offered me great advice, guidance, and feedback with her expertise and patience, as well as care and understanding in this difficult time of the global pandemic.

Audrey, who has always been supporting and encouraging me not only throughout the project, but also my life, with her beautiful soul and unconditional love.

My mom Chunyan and my dad Zhenliang, who are not only parents but also life teachers, always supporting my education and guiding me with positivity and wisdom.

All the participants in the studies, who have provided crucial input and feedback to the project.

Last but not least, my friends, who have been offering me great social support despite social distancing.
